### DETAILED ACTION

Claims 1, 4-8 and 10 are currently pending in the instant application, are allowable over the prior art of record and are renumbered as claims 1-7. Original claims 2 and 3 were cancelled and claims 1 and 7 were amended in the amendment filed 9 May 2003.

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Samuel Duboff on 24 June 2003.

The application has been amended as follows:

1. On page 1 of the specification, on the line above "**BACKGROUND OF THE INVENTION**", insert:

--This application claims the benefit under 35 USC 119(e) of U.S. Provisional Application 60/257,139 filed December 20, 2000.—

2. Amend claim 10 to read as follows:

--A pharmaceutical composition which comprises a therapeutically effective amount of one or more of the aforementioned compounds as claimed in any one of claims 1, 4, 5, 6, 7 or 8, and a pharmaceutically acceptable carrier.--

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance. This invention relates to quinolinone substituted benzimidazole compounds. The novel and nonobvious aspect of this invention involves the quinolinone substituent on the benzimidazole. The closest prior art of record, WO 00/04900, which discloses benzotriazole substituted benzimidazole compounds useful for the treatment of respiratory syncytial virus infection, fails to teach or suggest the substitution of the benzimidazole with a quinolinone substituent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
